[Positive Psychology in Second and Foreign Language Education](#) Katarzyna Budzińska 2021-03-02 This book demonstrates how resources taken from positive psychology

can benefit both teachers and learners. Positive psychology is the empirical study of how people thrive and flourish. This book explores a range of topics, such as affectivity and positive emotions, engagement, enjoyment, empathy, positive institutions, a positive L2 self-system, as well as newly added Positive Language Education. Some papers in this collection introduce new topics such as the role of positive psychology in international higher education, a framework for understanding language teacher well-being from an

**A Biographical Dictionary of Women's Movements and**

**Feminisms** Francisca de Haan

2006-01-10 This Biographical Dictionary describes the lives,

works and aspirations of more than 150 women and men who were active in, or part of, women's movements and feminisms in Central, Eastern and South Eastern Europe.

Thus, it challenges the widely held belief that there was no historical feminism in this part of Europe. These innovative and often moving biographical portraits not only show that feminists existed here, but also that they were widespread and diverse, and included Romanian princesses, Serbian philosophers and peasants, Latvian and Slovakian novelists, Albanian teachers, Hungarian Christian social workers and activists of the Catholic women's movement, Austrian factory workers, Bulgarian feminist scientists and socialist feminists, Russian radicals, philanthropists, militant suffragists and Bolshevik activists, prominent writers and philosophers of the Ottoman era, as well as Turkish republican leftist political activists and nationalists, internationally recognized Greek feminist leaders,

Estonian pharmacologists and science historians, Slovenian 'literary feminists,' Czech avant-garde painters, Ukrainian feminist scholars, Polish and Czech Senate Members, and many more. Their stories together constitute a rich tapestry of feminist activity and redress a serious imbalance in the historiography of women's movements and feminisms.

*Intuitive Studies* Gordon Smith

2012-05-07 During the many years he spent delivering messages of hope and love from the spirit world, Gordon Smith has observed how many people long to learn how to be more intuitive themselves, and would love to be able to connect to the other side in the same way he does. Gordon feels strongly that developing your intuitive gifts should be something that gives you joy, brings you clarity and makes

you more contented in your life. Based on his experiences of teaching and guiding complete beginners on their paths to communicating with spirit, this book provides simple and easy-to-follow exercises that will help you sharpen your psychic senses, open yourself to receive communication from your spirit guides and interpret the telepathic language of spirit. Once you have learned the basics and gained confidence in your skills, Gordon then guides you to the next step of your journey, showing you how you can use this very special energy to help others.

## **Equality and Revolution**

Rochelle Goldberg Ruthchild  
2010 On July 20, 1917, Russia became the world's first major power to grant women the right to vote and hold public office. Yet in the wake of the October Revolution later that year, the foundational organizations and individuals who pioneered the suffragist cause were all but erased from Russian history. The women's movement, when mentioned at all, is portrayed as meaningless to proletariat and peasant women, based in elitist and bourgeoisie culture of the tsarist era, and counter to socialist ideology. In this groundbreaking book, Rochelle Goldberg Ruthchild reveals that Russian feminists in fact appealed to all classes and were an integral force for revolution and social change, particularly during the monumental uprisings of 1905-1917. Ruthchild offers a telling examination of the dynamics present in imperialist Russia that fostered a growing feminist movement. Based upon extensive archival research in six countries, she

analyzes the backgrounds, motivations, methods, activism, and organizational networks of early Russian feminists, revealing the foundations of a powerful feminist intelligentsia that came to challenge, and eventually bring down, the patriarchal tsarist regime. Ruthchild profiles the individual women (and a few men) who were vital to the feminist struggle, as well as the major conferences, publications, and organizations that promoted the cause. She documents political party debates on the acceptance of women's suffrage and rights, and follows each party's attempt to woo feminist constituencies despite their fear of women gaining too much political power. Ruthchild also compares and contrasts the Russian movement to those in Britain, China, Germany, France, and the United States. Equality and Revolution offers an original and revisionist study of the struggle for women's political rights in late imperial Russia, and presents a significant reinterpretation of a decisive period of Russian--and
