Cultural Methodologies Jim McGuigan 1997-11-21 Cultural Methodologies illustrates the distinctiveness and coherence of cultural studies as a site of interaction between the humanities and the social sciences. Topics covered include: the relationship between critical theory and cultural studies; the pragmatics of cultural research and education; ethical questions and research purposes; the role of feminism in cultural studies; the uses of autobiography; the analysis of city cultures; textual analysis and ethnographic procedures; constructions of identity in relation to 'race', sexuality and nationhood; the use of qualitative and quantitative data; and some of the main issues involved in generating research findings for a thesis or other publication. The book is written for students either

commencing or intending to do research in cultural studies. It stresses how necessary it is to consider and plan very carefully the rationales and principles in research while avoiding the straitjacket of 'methodolatory'.

Historical Dictionary of Russian and Soviet Cinema Peter Rollberg 2016-07-20 Russian and Soviet cinema occupies a unique place in the history of world cinema. Legendary filmmakers such as Sergei Eisenstein, Vsevolod Pudovkin, Dziga Vertov, Andrei Tarkovsky, and Sergei Paradjanov have created oeuvres that are being screened and studied all over the world. The Soviet film industry was different from others because its main criterion of success was not profit, but the ideological and aesthetic effect on the viewer. Another important feature is Soviet cinema's multinational (Eurasian) character: while Russian cinema was the largest, other national cinemas such as Georgian, Kazakh, and Ukrainian played a decisive role for Soviet cinema as a whole. The *Historical Dictionary of Russian and Soviet Cinema* provides a rich tapestry of factual information, together with detailed critical assessments of individual artistic accomplishments. This second edition of *Historical Dictionary of Russian and Soviet Cinema* contains a chronology, an introduction, and a bibliography. The dictionary section has over 600 cross-referenced entries on directors, performers, cinematographers, composers, designers, producers, and studios. This book is an excellent access point for students, researchers, and anyone wanting to know more about Russian and Soviet Cinema.

Empty Without You Roger Streitmatter 1999-08-19 The relationship between Eleanor Roosevelt and Associated Press reporter Lorena Hickok has sparked vociferous debate ever since 1978, when archivists at the Franklin D. Roosevelt Library discovered eighteen boxes filled with letters the two women exchanged during their thirty-year friendship. But until now we have been offered only the odd quotation or excerpt from their voluminous correspondence. In *Empty Without You*, journalist and historian Rodger Streitmatter has transcribed and annotated 300 letters that shed new

light on the legendary, passionate, and intense bond between these extraordinary women. Written with the candor and introspection of a private diary, the letters expose the most private thoughts, feelings, and motivations of their authors and allow us to assess the full dimensions of a remarkable friendship. From the day Eleanor moved into the White House and installed Lorena in a bedroom just a few feet from her own, each woman virtually lived for the other. When Lorena was away, Eleanor kissed her picture of "dearest Hick" every night before going to bed, while Lorena marked the days off her calendar in anticipation of their next meeting. In the summer of 1933, Eleanor and Lorena took a three-week road trip together, often traveling incognito. The friends even discussed a future in which they would share a home and blend their separate lives into one. Perhaps as valuable as these intimations of a love affair are the glimpses this collection offers of an Eleanor Roosevelt strikingly different from the icon she has become. Although the figure who emerges in these pages is as determined and politically adept as the woman we know, she is also surprisingly sarcastic and funny, tender and vulnerable, and even judgmental and petty -- all less public but no less important attributes of our most beloved first lady.

George Bickham's Penmanship Made Easy, Or, The Young Clerk's Assistant) George Bickham 1997-01-01 Unabridged reprint of extremely rare 18th-century manual offers helpful hints on forming letters, holding the pen, arm and wrist positions, and posture. Includes rich sampling of alphabets, maxims, didactic verses, and other words of advice. Charmingly illustrated instruction manual for calligraphers, commercial artists, and devotees of fine penmanship.

The Religious Philosophy of Vladimir Solovyov Jonathan Sutton 1988-08-31 The philosopher and poet Vladimir Solovyov (1853-1900) is largely unknown to English readers, though translations of his works do exist. This book presents his central teachings and analyses his treatment of the non-Christian religions, Buddhism and Taosim in particular. This now makes it more possible to reassess his religious philosophy as a whole. The book will be of interest to students of comparative religion, theology, philosophy and Russian intellectual history.

Beyond Learning by Doing Jay W. Roberts 2012-03-22
"EXPERIENTIAL EDUCATION "This book brings a thoughtful and refreshing perspective on experiential education. Educators interested in outdoor learning, service learning, and place-based learning will find in Roberts' analysis a critical understanding of what learning by doing means." Dilafruz Williams, Portland State University
What is experiential education? What are its theoretical roots? Where does this approach come from? Offering a fresh and distinctive take, this book is about going beyond "learning by doing" through an exploration of its underlying theoretical currents. As an increasingly popular pedagogical approach, experiential education encompasses a variety of curriculum projects from outdoor and environmental education to service learning and place-based education. While each of these sub-fields has its own history and particular approach, they draw from the same progressive intellectual taproot. Each, in its own way, evokes the power of "learning by doing" and "direct experience" in the educational process. By unpacking the assumed homogeneity in these terms to reveal the underlying diversity of perspectives inherent in their usage, this book allows readers to see how the approaches connect to larger conversations and histories in education and social theory, placing experiential education in social and historical context. Combining a critical philosophical approach with practical examples from the field, *Beyond Learning by Doing* gives readers both an excellent summary of the theoretical histories of experiential education and a thesis-driven argument

about the current state of the field and its future possibilities and limitations Jay W. Roberts is Associate Professor of Education and Environmental Studies, Earlham College"--Provided by publisher. *Travels in Arabia* Bayard Taylor 2018-01-30 Reproduction of the original.

All Around Bustletown: Spring Rotraut Susanne Berner 2019-11-12 Kids will spend hours poring over the oversized pages of this joyfully illustrated book that looks at a bustling town's activities in spring. It's springtime in this charming, busy town and there is a lot going on! A house gets a top-to-bottom spring cleaning and farm fields are being prepared for planting. People are shopping, commuting to work, constructing buildings, and meeting friends. If you look closer, you'll recognize the same characters appear on every page, each with their own story. There's Wilfred the jogger slipping on a banana peel and his friend Erica who comes to help him. Three cheerful nuns shop, chat, and share a snack at the cafe. A stork surveys all the activity from the sky while a mischievous fox scampers through the streets. In the tradition of Richard Scarry and *Where's Waldo*, this book encourages kids to return again and again to each spread, following along with the characters and inventing their own stories. They'll recognize parts of their own world, while also learning about the endless ways we live, work, and play in the spring.

Twelve Years a Slave Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve

years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Rewriting History in Soviet Russia R. Markwick

2001-02-01 This book explores the political significance of the development of historical revisionism in the USSR under Khrushchev in the wake of the Twentieth Congress of the CPSU and its demise with the onset of the 'period of stagnation' under Brezhnev. On the basis of intensive interviews and original manuscript material, the book demonstrates that the vigorous rejuvenation of historiography undertaken by Soviet historians in the 1960s conceptually cleared the way for and fomented the dramatic upheaval in Soviet historical writing occasioned by the advent of perestroika.
