Intuitive Studies Gordon Smith 2012-05-07 During the many years he spent delivering messages of hope and love from the spirit world, Gordon Smith has observed how many people long to learn how to be more intuitive themselves, and would love to be able to connect to the other side in the same way he does. Gordon feels strongly that developing your intuitive gifts should be something that gives you joy, brings you clarity and makes you more contented in your life. Based on his experiences of teaching and guiding complete beginners on their paths to communicating with spirit, this book provides simple and easy-to-follow exercises that will help you sharpen your psychic senses, open yourself to receive communication from your spirit guides and interpret the telepathic language of spirit. Once you have learned the basics and gained confidence in your skills, Gordon then guides you to the next step of your journey, showing you how you can use this very special energy to help others.

A Radical Awakening Shefali Tsabary 2021-05-18 Bestselling author and renowned clinical psychologist Dr Shefali teaches women how to transcend their fears, break free from societal expectations and rediscover the person they were always meant to be. A Radical Awakening lays out a path for women to heal their psychic wounds and prepares them to discover their own powers to help heal others and the planet. Dr Shefali helps women uncover the purpose that already exists within them and harness the power of authenticity in every area of their lives. This is an eloquent and inspiring, practical and accessible book, backed with real-life examples and personal stories, that unlocks the extraordinary power necessary to awaken the conscious self. Dr Shefali will empower and inspire all women to uncover the person they always wanted to be: fully present, conscious, and happy, by deconstructing the archetypes that still exist in society today, inspiring women to live authentically - and, importantly, elevate other women along the way. 'The world needs to know. Trailblazing. Life-enhancing. A Radical Awakening is one of those books you will want to keep on your nightstand.' - Oprah Winfrey during 'Oprah's Your Life in Focus'

Ultralearning Scott Young 2019-08-06 Now a Wall Street Journal bestseller. Learn a new talent, stay relevant, reinvent yourself, and adapt to whatever the workplace throws your way. Ultralearning offers nine principles to master hard skills quickly. This is the essential guide to future-proof your career and maximize your competitive advantage through self-education. In these tumultuous times of economic and technological change, staying ahead depends on continual self-education—a lifelong mastery of fresh ideas, subjects, and skills. If you want to accomplish more and stand apart from everyone else, you need to become an ultralearner. The challenge of learning new skills is that you think you already know how best to learn, as you did as a student, so you rerun old routines and old ways of solving problems. To counter that, Ultralearning offers powerful strategies to break you out of those mental ruts and introduces new training methods to help you push through to higher levels of retention. Scott H. Young incorporates the latest research about the most effective learning methods and the stories of other ultralearners like himself—among them Benjamin Franklin, chess grandmaster Judit Polgár, and Nobel laureate physicist Richard Feynman, as well as a host of others, such as little-known modern polymath Nigel Richards, who won the French World Scrabble Championship—without knowing French. Young documents the methods he and others have used to acquire knowledge and shows that, far from being an obscure skill limited to aggressive autodidacts, ultralearning is a powerful tool anyone can use to improve their career, studies, and life. Ultralearning explores this fascinating subculture, shares a proven framework for a successful ultralearning project, and offers insights into how you can organize and exe - cute a plan to learn anything deeply and quickly, without teachers or budget-busting tuition costs. Whether the goal is to be fluent in a language (or ten languages), earn the equivalent of a college degree in a fraction of the time, or master multiple tools to build a product or business from the ground up, the principles in Ultralearning will guide you to success.

The Death of Right and Wrong Tammy Bruce 2004-06-29 If you believe children should be seduced into warped sexual behavior by the Gay Elite, if you think confessed murderers should be set free by defense attorneys who know how to wield the race card, if you feel promiscuous gay men should be empowered to spread AIDS and other sexually transmitted diseases, don't read this book. But if you've always suspected that factions on the Left are trying to destroy the values that define our civilization, this book proves it. Through the pages of The Death of Right and Wrong, author, activist, and pundit Tammy Bruce takes you inside the chilling world of the Left—a place where morals and decency have been turned on their heads and the crisp distinction between Right and Wrong has been blurred into a mushy, gray mess. In this world, the Gay Elite exploit our children—under the guise of tolerance and education—to satisfy their sexual obsessions. In this world, the Black Elite laud convicted murderers as community heroes and award-winning “artists.” In this world, the Feminist Elite fawn over a woman who mercilessly killed all five of her children. And much more that will offend your sense of decency and threaten your basic values. Ms. Bruce smashes the facades of “Tolerance,” “Understanding,” and other Leftist slogans to reveal the ugly truth of their agenda. As a gay activist and former president of the Los Angeles chapter of the National Organization of Women, she witnessed firsthand the Left’s attempts to undermine our millennia-old code of morals and values, aided by politically biased media and academia. And if the news headlines of today are any indication, they’re winning the culture war. Unless we act now, we are doomed at the hands of special interest groups on the Left who want nothing more than to undermine our ability to judge right from wrong in order to foist their own selfish, anything-goes society on the rest of us. This book reveals what they’re doing, how they’re doing it, and what we can do to restore decency in our society. You’ll discover powerful tools in these pages to help you understand the psychology of the Left—what makes them tick and, more importantly, how to stop them from eroding our values completely. Full of controversial opinions and countless examples ripped from the headlines, The Death of Right and Wrong is a powerful, eye-opening book that you won’t want to be without.

Cook with Jamie Jamie Oliver 2007-10-02 My guide to making you a better cook. I can't tell you how long I've dreamed about writing this book. It's the biggest book I've ever done, and I've really tried to make it a timeless, modern-day classic. Whether you're a student, a young couple, an established cook, or a novice, I'll take you through a whole load of simple and accessible recipes that will blow the socks off your family and any guests you might have round for dinner. There's information on the equipment that I think you should have in your kitchen, advice on how to recognize and cook loads of different cuts of meat, as well as on how to get the best value and quality when you're out shopping. With all of us consuming more processed food than ever, it's a sad fact that most people just aren't confident enough to cook anymore. With this in mind, now is the time for you to get stuck in and reclaim your fantastic cooking heritage! You know what . . . if you're going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. P.S.: By the way, you should feel good about buying this book because every single penny I make from it will go toward training and inspiring young kids from tough backgrounds all over the world to have a career in food through the Fifteen Foundation. So on behalf of them, thank you.

The Conscious Parent Shefali Tsabary 2014-08-28 THE NEW YORK TIMES BESTSELLER Conscious parenting is about becoming mindful of your behaviour and engaging with your child as an individual. Dr Tsabary inspires parents to get back in touch with their emotions and shed the layers of baggage they have inherited during their own life and are unconsciously heaping on their children. As they become 'conscious' in their parenting, so parents can transform their relationship with their offspring and raise happy, well-adjusted children. The Conscious Parent is already transforming the way people are parenting through its sales in the US where it's spent 15 weeks on the New York Times bestseller list. Oprah described the book as 'The most profound book on parenting I've ever read' and Eckhart Tolle has said 'becoming a conscious parent is the greatest gift you can give your child.' The Power of Prayer (Channeling Brain Waves Through Dhikr) Ahmed Hulusi 2014-06-20 "Prayer is the weapon of a believer." - Muhammad (saw) Prayer is the act of actualizing one's wants through the divine powers present within. There is of course a scientific explanation to this act. Essentially prayer is 'guided brain waves.' Just as the dimension of knowledge transforms into energy and the quantum field to form the universe, the wants and desires of consciousness emanate from the dimension of knowledge to reveal themselves as the wants and desires of man and become actualized through the densification of guided brain waves. Due to this, the stronger the concentration level, the faster the response will be to the prayer. "And he who turns away from My dhikr (the absolute reality of which I have reminded him), indeed, he will have a restricted life (limited by the conditions of his body and mind), and We will resurrect him as blind in the period of Doomsday." Quran 20:124 Since only a very small percentage of the brain is employed while a large part of brain capacity remains unused, dhikr allows the activation of this larger percentage. The bio-electrical energy produced in specific regions in the brain via dhikr spreads to other regions and activates the dormant cells thereby increasing brain activity. Whatever the dhikr is about, the

frequency corresponding to that meaning is emanated to the cells and thus brain capacity relevant to that particular meaning is increased.

The Roqya Abderraouf Ben Halima 2017-09 Unfortunately, we are crossing an age where these three issues: Jinn, sorcery and evil eye, are getting tremendous proportions. Sorcerers and charlatans are so numerous whereas healers following Allah's way are very rare.It is therefore our duty to alert populations against these flails, to endow them with means to protect and heal themselves as much as possible, and to train healers on Islamic practices.This is the first translation of this book, but the book is in its third edition. We thank Allah to offer English speakers this accumulated knowledge and advanced techniques, asking Him to help Muslim brothers and sisters see truth and false in this matter, protect themselves and practice Islamic healing. I hope practitioners will also join; to exchange experiences and set up common strategies to inform populations and train their peers.We will start Inshallah by a detailed symptoms description in order to help the reader set up his own diagnosis and to be aware as soon as the first manifestations appear. I will on the way, give a precise explanation of these three phenomenon: Jinn, Sorcery and Evil Eye. Then comes the description of the matching remedies. This will not be possible for all people to apply. Some remedies are very simple and it is important that many people learn to practice them. Others require specific conditions, and some will be limited to professionals.Nevertheless, it is important that a high number get involved because needs are tremendous.Important information has been scattered throughout this book; so, those who want to take action should read it several times in order to assimilate all details.

Dramatic Interactions Nicoletta Marini-Maio 2011-01-18 Dramatic Interactions is a collection of essays on the flourishing and interdisciplinary subject of teaching foreign languages, literatures, and cultures through theater. With rich examples from a variety of commonly and less commonly taught languages, this book affirms both the relevance and effectiveness of using theater for foreign language learning in the most comprehensive sense of the term. It includes innovative approaches to specific theatrical texts and addresses numerous aspects of foreign language learning such as oral proficiency and communication, intercultural competence, the role of affect and motivation in foreign language study, multiple literacies, regional variations and dialect, literary analysis and adaptation, and the overall liberating effects of verbal and non-verbal self-expression in the foreign language. Dramatic Interactions renders accessible, efficacious, and enjoyable the study of languages, literatures, and cultures through theater with the hope of inspiring and facilitating the greater incorporation of theatrical texts and techniques in foreign language courses at every level.

Home Fire Kamila Shamsie 2017 "Ingenious... Builds to one of the most memorable final scenes I've read in a novel this century." --The New York Times WINNER OF THE 2018 WOMEN'S PRIZE FOR FICTION FINALIST FOR THE 2019 INTERNATIONAL DUBLIN LITERARY AWARD LONGLISTED FOR THE MAN BOOKER PRIZE The suspenseful and heartbreaking story of an immigrant family driven to pit love against loyalty, with devastating consequences Isma is free. After years of watching out for her younger siblings in the wake of their mother's death, she's accepted an invitation from a mentor in America that allows her to resume a dream long deferred. But she can't stop worrying about Aneeka, her beautiful, headstrong sister back in London, or their brother, Parvaiz, who's disappeared in pursuit of his own dream, to prove himself to the dark legacy of the jihadist father he never knew. When he resurfaces half a globe away, Isma's worst fears are confirmed. Then Eamonn enters the sisters' lives. Son of a powerful political figure, he has his own birthright to live up to--or defy. Is he to be a chance at love? The means of Parvaiz's salvation? Suddenly, two families' fates are inextricably, devastatingly entwined, in this searing novel that asks: What sacrifices will we make in the name of love?

Revolutionary Acts Lynn Mally 2016-11-01 During the Russian Revolution and Civil War, amateur theater groups sprang up in cities across the country. Workers, peasants, students, soldiers, and sailors provided entertainment ranging from improvisations to gymnastics and from propaganda sketches to the plays of Chekhov. In *Revolutionary Acts*, Lynn Mally reconstructs the history of the amateur stage in Soviet Russia from 1917 to the height of the Stalinist purges. Her book illustrates in fascinating detail how Soviet culture was transformed during the new regime's first two decades in power. Of all the arts, theater had a special appeal for mass audiences in Russia, and with the coming of the revolution it took on an important role in the dissemination of the new socialist culture. Mally's analysis of amateur theater as a space where performers, their audiences, and the political authorities came into contact enables her to explore whether this culture emerged spontaneously "from below" or was imposed by the revolutionary elite. She shows that by the late 1920s, Soviet leaders had come to distrust the initiatives of the lower classes, and the amateur theaters fell increasingly under the guidance of artistic professionals. Within a few years, state agencies intervened to homogenize repertoire and performance style, and with the institutionalization of Socialist Realist principles, only those works in a unified Soviet canon were presented.

Russian Second-language Textbooks and Identity in the Universe of Discourse Olga Mladenova 2004 This book provides an overview of the changes of the Second-Language Learning discursive formation and the Identity discursive formation in Russian history. It proposes an explanatory model in which small-scale linguistic detail is joined with larger-scale language units in order to illuminate matters of cultural importance in their linguistic guise.

Stanislavsky in Practice Vreneli Farber 2008 Stanislavsky in Practice focuses on the course of study pursued today by aspiring actors in Russia and on the philosophy that informs this curriculum. It draws on extensive observation during the academic year 2000-2001 of the actor training program of the St. Petersburg State Academy of Theatre Arts (SPGATI), one of the three most prestigious theatrical institutes in Russia, and on interviews of a wide array of individuals in the Academy. Although the years since 1991 have witnessed many changes in theater and in actor training - sources of funding, administration, choice of repertoire, new methodologies, etc. - there remains much continuity with the past. The core of this continuity is the Stanislavsky tradition, which nevertheless has been affected by the views of post-Soviet Russia. The developments in actor training from 1991 to 2001 reflect the challenges and problems faced by other institutions in the arts and sciences. In other words, the phenomenon of continuity and discontinuity with the past is characteristic of other institutions in Russia, cultural as well as scientific and educational.

Good with Words Patrick Barry 2021-09-24 Suppose you were good with words. Suppose when you decided to speak, the message you delivered—and the way you delivered it—successfully connected with your intended audience. What would that mean for your career prospects? What would that mean for your comfort level in social situations? And perhaps most importantly, what would that mean for your satisfaction with the personal relationships you value the most? This book is designed to help you find out. Based on an award-winning course and workshop series at the University of Michigan taken by students training to enter a wide range of fields—law, business, medicine, social work, public policy, design, engineering, and many more—it removes the guesswork from figuring out how to communicate clearly and compellingly. All of us have ideas that are worth sharing. Why not learn how to convey

yours in a way that people will appreciate, enjoy, and remember?

Prawnicy – międzynarodowa praktyka. Materiały dodatkowe Stanisław Lipiec 2022-05-16 Rynek usług prawniczych w Polsce i całej Unii Europejskiej w XXI wieku bardzo szybko się zmienia. Obecnie coraz częściej świadczy się prawnicze usługi transgraniczne i międzynarodowe, współpracuje się z zagranicznymi prawnikami oraz pracuje się z cudzoziemskimi klientami. Równocześnie zmieniają się warunki pracy prawników w środowisku międzynarodowym, cele świadczenia usług prawniczych oraz sposoby i formy pracy jurystów. Ostatecznie zaś zmieniają się sami prawnicy, którzy stają się coraz bardziej międzynarodowi. Badanie pokazuje, że polscy prawnicy bardzo niechętnie integrują się z europejskim rynkiem usług prawniczych: rzadko współpracują z zagranicznymi klientami, nie nawiązują relacji z prawnikami zagranicznymi, nie pracują w innych krajach europejskich oraz są zdystansowani wobec międzynarodowego rozwoju usług prawniczych. Równocześnie międzynarodowy rynek usług prawniczych rzadko znajduje w Polsce swoich odbiorców oraz współpracujących prawników. Polscy prawnicy i cały krajowy rynek usług prawniczych wydają się być mocno odizolowany od międzynarodawiającego się europejskiego rynku usług prawniczych. Niewielka za liczba polskich prawników pracujących za granicą lub z cudzoziemcami niechętnie nawiązuje biznesowe powiązania w kraju. Przyczyną takiego stanu rzeczy są głównie: wadliwa edukacja prawników w zakresie międzynarodowym, brak stałych zagranicznych, skostnienie struktur krajowych samorządów zawodowych, brak sieciowania międzynarodowego, niska integracja polskiego rynku usług z rynkiem innych krajów Unii Europejskiej oraz kulturowy brak potrzeby świadczenia ponadkrajowych usług prawniczych. Badanie wykonano w latach 2017-2021 metodą wywiadów półustrukturyzowanych (SSI) poprzez przedstawicieli rad polskich regionalnych izb adwokatów i radców prawnych a także metodą kwestionariusza ankiety wykonanej na reprezentatywnej próbie polskich adwokatów i radców prawnych. Uzupełnieniem są badania analizy zawartości witryn internetowych polskich prawników oraz badania desk research. Badanie wpisuje się w kanon socjologii prawa. Na podstawie wyników badania zaproponowano zmiany i reformy w polskim prawodawstwie, prawie korporacyjnym, edukacji oraz w codziennej praktyce prawniczej. The legal services market in Poland and throughout the European Union is changing rapidly in the 21st century. Cross-border and international legal services, cooperation with foreign lawyers and collaboration with foreign clients are now increasingly common.

Simultaneously, the conditions for lawyers to work internationally, the goals of legal services and the methods and forms of legal work are changing. Finally, lawyers evolve and become more and more international. The study indicates that Polish lawyers are very reluctant to integrate into the European legal services market: they rarely work with foreign clients, do not establish relationships with foreign lawyers, do not work in other European countries and are distanced from the global development of legal services. Furthermore, the international legal services market rarely finds in Poland clients and associate lawyers. Polish lawyers and the entire domestic legal services market appear to be strongly isolated from the increasingly internationalised European legal services market. However, a small number of Polish lawyers practising abroad or with foreign nationals are reluctant to establish business links in the country. Reasons for this are mainly: defective education of lawyers in the international field, absence of internships abroad, ossification of structures of national bar associations, no international networking, poor integration of the Polish services market with the market of other European Union countries and cultural lack of need for transnational legal services. The research was conducted between 2017 and 2021 by semi-structured interviews (SSI) among representatives of the boards of Polish regional bar associations as well as by questionnaire surveys performed on a representative sample of Polish advocates and legal advisers. The study is supported by a content analysis of Polish lawyers' websites and desk research. The study is part of the canon of sociology of law. Based on the research outcomes, changes and reforms are proposed in Polish legislation, corporate law, education, and in day-to-day legal practice.
