Poetics of Change Julio Ortega 2013-08-26 Too often literary criticism is academic exercise rather than creative act. For the multifaceted Julio Ortega—respected poet, dramatist, and novelist in his own right—the act of criticism becomes profoundly creative, his incisive readings of the text far transcending the pedantry that may falsely pass for imagination, intelligence, and rigor. Nearly every Spanish-American writer of consequence, from Paz to Fuentes, Cortázar to Lezama Lima, has extolled Ortega’s criticism as not merely a reflection but an essential part of the renaissance that took place in Spanish-American letters during the late twentieth century. Poetics of Change brings together Ortega’s most penetrating and insightful analyses of the fiction of Borges, Fuentes, García Márquez, Carpentier, Rulfo, Cabrera Infante, and others responsible for great writing from Spanish America. Ortega concerns himself most with the semantic innovations of these masters of the modern narrative and their play with form, language, and the traditional boundaries of genre. Mapping their creative territory, he finds that the poetics of Spanish-American writing is that of a dynamically changing genre that has set exploration at its very heart.

Tacky Rax King 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine” Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. A VINTAGE ORIGINAL

The Biopolitics of Gender Jemima Repo 2015-10-01 This title provides a theoretically and methodologically new and distinct approach to gender through the frameworks of biopolitics and genealogy, theorising it as a historically specific apparatus of biopower. Through the use of a diverse mix of historical and contemporary documents, the book explores how the problematisation of intersex infant genitalia in 1950s psychiatry propelled the emergence of the gender apparatus in order to socialise sexed individuals into the ideal productive and reproductive subjects of White, middle-class postwar America.

Spinning Side Kick Anita Lahey 2011 Anita Lahey’s second collection, Spinning Side Kick,is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments–in a day, in a life–when the normal clues we rely on disappear, shifting the line between domesticity and danger. In Spinning Side Kick, a talented poet returns with sharper aim.

After School Nightmare 2007 Mashiro, a hermaphrodite high school student, joins a "special" dream class to become completely male but faces obstacles from other students along the way.

Dibs in Search of Self Virginia Mae Axline 1964 Account of a deeply disturbed five-year-old's attempt to find his identity and of his emergence from psychotherapy as a whole human being.

Assyrian Palace Sculptures Paul Collins 2020-03-03 “Collins leads a breathtaking lion hunt in his marvellous introduction to one of the British Museum’s fiercest and most famous treasures” (Times [UK]) Between the ninth and seventh centuries BCE, the small kingdom of Assyria (present-day northern Iraq) expanded through conquest from Egypt to Iran. The relief sculptures that decorated Assyrian palaces represent the high point of Mesopotamian art of the first millennium BCE, both for their artistic quality and their vivid depictions of warfare, rituals, mythology, hunting, and other aspects of Assyrian life. Together, the sculptures constitute some of the most impressive and eloquent witnesses of the ancient Near East, their importance only increasing with the recent destruction by ISIS of many of the reliefs that remained in Iraq. Originally published by the British Museum in 2008, this book serves as a superb visual introduction to these extraordinary sculptures, showcasing a series of stunning photographs of the museum’s unrivaled collection of Assyrian reliefs. Highlighting individual panels and their often overlooked details, these images capture the majesty of Assyrian kings, their splendid courts, and protecting divinities. An introduction by Collins sets the sculptures in their cultural and art historical context, while the following chapters provide a brief history of Assyria and its royal palaces as well as an overview of the artworks’ discovery, reception, and understanding.

The Rescue Artist Edward Dolnick 2010-11-16 In the predawn hours of a gloomy February day in 1994, two thieves entered the National Gallery in Oslo and made off with one of the world's most famous paintings, Edvard Munch's Scream. It was a brazen crime committed while the whole world was watching the opening ceremonies of the Winter Olympics in Lillehammer. Baffled and humiliated, the Norwegian police turned to the one man they believed could help: a half English, half American undercover cop named Charley Hill, the world's greatest art detective. The Rescue Artist is a rollicking narrative that carries readers deep inside the art underworld -- and introduces them to a large and colorful cast of titled aristocrats, intrepid investigators, and thick-necked thugs. But most compelling of all is Charley Hill himself, a complicated mix of brilliance, foolhardiness, and charm whose hunt for a purloined treasure would either cap an illustrious career or be the fiasco that would haunt him forever.

Stand Firm Paul Gould 2018-11 In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

Bash Reference Card Arnold Robbins 1998-06-01

Boas and Pythons of the World Mark O'Shea 2007 One of the greatest pleasures of having a garden is to be able to observe and identify the great number of animal species which may feed, bathe and reside there, or simply fly over or pass through. This book combines full identification and behavioural features of over 250 common species, including birds, mammals, amphibians, wasps and bees, beetles and spiders, insects and invertebrates. Stunningly illustrated, yet simple to use, "The Complete Garden Wildlife Book" will ensure that you get the maximum pleasure from your garden whatever its size or location. **Loach on Loach** Ken Loach 1998 The career of the film-maker Ken Loach embraces both the cinema and television, and has included Cathy Come Home, Kes, and the films Riff-Raff, Raining Stones and Land and Freedom, which won major continental awards. This book presents an exploration of his work.

Reviews

ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

Widespread Zombification in the 21st Century and the Wars of the Zombie Masters: Drugs: For Kids and the Occasional Interested Parent Brian Johnson 2009-05 Written by a psychiatrist specializing in addiction recovery, this book is a fantastic resource for kids, with accurate medical info presented interestingly and at their level.

Russian Second-language Textbooks and Identity in the Universe of Discourse Olga Mladenova 2004 This book provides an overview of the changes of the Second-Language Learning discursive formation and the Identity discursive formation in Russian history. It proposes an explanatory model in which small-scale linguistic detail is joined with larger-scale language units in order to illuminate matters of cultural importance in their linguistic guise.

Reunion Planner Phyllis A. Hackleman 2009-06 "...Family reunions, class reunions, service reunions ... A-to-Z guide to reunions that leaves nothing to chance..." --back cover.

Nudes Elle Nash 2021-04 Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Options Math for Traders Scott Nations 2012-10-01 A practical guide to the math behind options and how that knowledge can improve your trading performance No book on options can guarantee success, but if a trader understands and utilizes option math effectively, good things are going to happen. The idea behind Options Math for Traders + Website is to help retail option traders understand some of the basic tenants and enduring relationships of options, and option math, that professional and institutional traders rely on every day. This book skillfully highlights those strategies that are inherently superior from an option math point of view and explains what drives that superiority while also examining why some strategies are inherently inferior. The material is explained without complex equations or technical jargon. The goal is to give you a solid conceptual foundation of options behavior so you can make more informed decisions when choosing an option strategy for your market outlook. Topics covered include the volatility premium, because over time, options will cost more than they are ultimately worth; skew, wherein far out of the money put options may seem cheap from an absolute term, but are very expensive in relative terms; and the acceleration in option price erosion. The book also has a companion Website, which includes links to those sites that can scan for the best strategies discussed in the book. Explains, in a non-technical manner, the mathematical properties of options so that traders can better select the right options strategy for their market outlook Companion Website contains timely tools that allow you to continue to learn in a hands-on fashion long after closing the book Written by top options expert Scott Nations Most independent traders have an imperfect understanding of the math behind options pricing. With Options Math for Traders + Website as your guide, you'll gain valuable lessons in this area and discover how this information can improve your trading performance.

In Lonely Places Imogen Sara Smith 2014-01-10 Although film noir is traditionally associated with the mean streets of the Dark City, this volume explores the genre from a new angle, focusing on non-urban settings. Through detailed readings of more than 100 films set in suburbs, small towns, on the road, in the desert, borderlands and the vast, empty West, the author investigates the alienation expressed by film noir, pinpointing its motivation in the conflict between desires for escape, autonomy and freedom—and fears of loneliness, exile and dissolution. Through such films as Out of the Past, They Live by Night and A Touch of Evil, this critical study examines how film noir reflected radical changes in the physical and social landscapes of postwar America, defining the genre’s contribution to the eternal debate between the values of individualism and community.

Women Chloe Caldwell 2019-03 'A beautiful read / a perfect primer for an explosive lesbian affair / an essential truth' Lena Dunham 'I have meditated repeatedly on what it was about Finn that had me so dismantled.' A young woman moves from the countryside to the city.Inexplicably, inexorably and immediately, she falls in love with another woman for the first time in her life.Finn is nineteen years older than her, wears men's clothes, has a cocky smirk of a smile - and a long-term girlfriend.With precision, wit and tenderness, Women charts the frenzy and the fall out of love.

Poems We Love Leigh Mitchell Hodges 2017-09-12 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world.The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work.We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Overcoming School Refusal Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Divorce Sucks Mary Jo Eustace 2009-09-18 Hock the platinum. Take down the vacation photos. Cancel the joint checking account. There's no question . . .

Divorce Sucks. And perhaps no one knows that better than author Mary Jo Eustace, whose ex-husband Dean McDermott married Tori Spelling a mere thirty days after their divorce was finalized. One part tell-all and one part guide to get readers on their feet after a bitter breakup, this hilarious addition to the bestselling Sucks series tells everything readers don't want to know about divorce - from what a phone call with a lawyer will cost; to how to handle your newer, younger replacement; to what Hollywood divorcees are actually thinking when they watch their ex walk the red carpet with a millionairess. Sometimes horrifying, sometimes gratifying, and never merciful, this book will give readers an inside look at one of today's most public divorces while reminding them - hey, it could always be worse.

Twelve Years a Slave Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Six-Gun Gorilla Anonymous 2021-11-12 "Six-Gun Gorilla" by Anonymous. Published by Good Press. Good Press publishes a wide range of titles that

encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Economics Joseph E. Stiglitz 2006 Co-written by Joseph Stiglitz, winner of the Nobel Prize for his research on imperfect markets, and Carl E. Walsh, one of the leading monetary economists in the field, Economics is the most modern and accurate text available.

Finite Element Procedures Klaus-Jürgen Bathe 1996 BASIC APPROACH: Comprehensive -- this text explores the "full range" of finite element methods used in engineering practice for actual applications in computer-aided design. It provides not only an introduction to finite element methods and the commonality in the various techniques, but explores state-of-the-art methods as well -- with a focus on what are deemed to become "classical techniques" -- procedures that will be "standard and authoritative" for finite element analysis for years to come. FEATURES: presents in sufficient depth and breadth elementary concepts AND advanced techniques in statics, dynamics, solids, fluids, linear and nonlinear analysis. emphasizes both the physical and mathematical characteristics of procedures. presents some important mathematical conditions on finite element procedures. contains an abundance of worked-out examples and various complete program listings. includes many exercises/projects that often require the use of a computer program.

The Demonologist: The Extraordinary Career of Ed and Lorraine Warren Gerald Brittle 2013-07-18 If you think ghosts are only responsible for hauntings, think again. The Demonologist reveals the grave religious process behind supernatural events and how it can happen to you. Used as a text in seminaries and classrooms, this is one book you can't put down. For over five decades Ed and Loraine Warren have been considered America's foremost experts on demonology and exorcism. With over 3,000 investigations to their credit, they reveal what actually breaks the peace in haunted houses. Expertly written by Gerald Daniel Brittle, a nonfiction writer with advanced degrees in literature and psychology specializing in mystical theology. Don't miss the Warrens in the new movie "The Conjuring."

Grappling with the monster Timothy Shay Arthur 1877
