*Selections from English Periodicals of 19th Century Bengal* Binaya Ghosha 1978

*China and the New International Order* Wang Gungwu 2008-01-30 This book explores China's place in the 'new international order', from both the international perspective and from the perspective within China. It discusses how far the new international order, as outlined by George Bush in 1991 after the collapse of the Soviet Union and the liberation of Kuwait in the Gulf War, with its notions of 'international order', as viewed by the United States, and with the United States seeing itself as the single dominant power, applies to China. The contributors offer the implications, both positive and negative, of China's growing economic power, and the possibility that China will increase its military power. They also examine the idea that the Chinese leadership is being carried along itself by events in China, which it does not fully control, and that other growing forces within China, such as nationalism, increasing social grievances, structural instability, and rivalry between the centre and the regions potentially work against China's growing strength in the international arena. Considering traditional Chinese notions of 'international' power, where the world is seen as sino-centric, with neighbouring countries subservient to China in varying degrees, the book argues that this represents a fundamentally different view of the international order, one where the equal sovereignty of every state does not apply, where there is an acknowledged hierarchy of power, and where domestic and international issues are highly interdependent.

**The Unequal World We Inhabit** Paul A. Lacey 2010 Are all terrorists religious fundamentalists? How can pacifists respond to devastating violence? These and other challenging questions are at the heart of Paul Lacey's text as he explores Quaker response to both terror and fundamentalism. He acknowledges the evil and devastation caused by terrorist acts, but argues for a more nuanced understanding of what might drive people to kill indiscriminately. Alive to the urgency of the challenges posed by terrorism and violent clashes of beliefs, Lacey does not shrink from criticizing faith and religion when they stand in the way of peace. -- Publisher's description.

**Translation and the Intersection of Texts, Contexts and Politics** Mohammed Albakry 2017-07-27 This book analyzes the impact of historical, political and sociocultural contexts on the reading, rewriting and translating of texts. The authors base their arguments on their experiences of translating or researching different text types, taking in fiction, short stories, memoirs, religious texts, scientific treatises, and news

reports from a variety of different languages and cultural traditions. In doing so they cover a wide range of contexts and time periods, including Early Modern Europe, post-1848 Switzerland, nineteenth-century Portugal, Egypt in the early twentieth century under British colonial rule, Spain under Franco's dictatorship, and contemporary Peru and China. They also consider the theoretical and pedagogical implications of their conclusions for translation students and practitioners. This edited collection will be of great interest to scholars working in translation studies, applied linguistics, and on issues of cultural difference.

*The Wedding* Stanislaw Wyspianski 1998-10-27 The Wedding is a Polish classic, continually in production in Poland since Stanislaw Wyspianski wrote it nearly a hundred years ago. A witty but ultimately tragic satire about Polish society, this remarkable play is set around the celebrations of a wedding between a poet from the city of Krakov and a peasant girl from a rural village.

*Advances in Contemplative Social Research* Krzysztof Konecki 2019-02-05 This book describes a new paradigm in social sciences, contemplative inquiry. Deep contemplation of a situation is an epistemological choice for social scientists. It is a fundamentally different approach to research, whereby the investigator is researching not only the object but also the situation of research and herself/ himself in it.

**Teaching Grammar in Second Language Classrooms** Hossein Nassaji 2011-03-17 Recent SLA research recognizes the necessity of attention to grammar and demonstrates that form-focused instruction is especially effective when it is incorporated into a meaningful communicative context. Designed specifically for second-language teachers, this text identifies and explores the various options for integrating a focus on grammar and a focus on communication in classroom contexts and offers concrete examples of teaching activities for each option. Each chapter includes a description of the option, its theoretical and empirical background, examples of activities illustrating in a non-technical manner how it can be implemented in the classroom, questions for reflection, and a list of useful resources that teachers can consult for further information.

*The King of Vodka* Linda Himelstein 2009-05-12 "A operatic tour-de-force." —Tilar J. Mazzeo, author of *The Widow Clicquot* "An impressive feat of research, told swiftly and enthusiastically." —San Francisco Chronicle From Vanderbilt and Rockefeller to Bill Gates and Steve Jobs, America's captains of industry are paragons of entrepreneurial success, and books about business history, from *The First Tycoon* to *The Big Short*, show exemplars of capitalistic cunning and tenacity...but just as American cocktail connoisseurs can mistake Absolut, Skyy, Grey Goose, or Ketel One for the quintessential clear spirit, so too has America's vision of business history remained naïve to a truth long recognized in Eastern Europe: since the time of Tsar Nicholas, both vodka and commercial success have been synonymous in Russia with one name—Smirnoff. Linda Himelstein's critically acclaimed biography of Russian vodka scion Pyotr Smirnov—a finalist for the James Beard Award, winner of the IACP and Saroyan Awards, and a BusinessWeek Best Business Book of 2009—is the sweeping story of entrepreneurship, empire, and epicurean triumph unlike anything the world has ever seen before.

**Twelve Years a Slave** Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be

uninteresting to the public." -an excerpt

**The Cash Nexus** Niall Ferguson 2002-02-21 Conventional wisdom has long claimed that economic change is the prime mover of political change, whether in the age of industry or Internet. But is it? Ferguson thinks it is high time we re-examined the link-the nexus, in Thomas Carlyle's phrase-between economics and politics. His central argument is that the conflicting impulses of sex, violence, and power are together more powerful than money. Among Ferguson's startling claims are: · Nothing has done more to transform the world economy than war, yet wars themselves do not have primarily economic causes. · The present age of economic globalization is coinciding-paradoxically-with political and military fragmentation. · Financial crises are frequently caused by unforeseen political events rather than economic fluctuations. · The

relationship between prosperity and government popularity is largely illusory. · Since political and economic liberalization are not self-perpetuating, the so-called triumph of democracy worldwide may be short-lived. · A bold synthesis of political history and modern economic theory, *Cash Nexus* will transform the landscape of modern history and draw challenging conclusions about the prospects of both capitalism and democracy.

**How to Tame a Human Tornado** Paul Tobin 2018-09-06 Friday the thirteenth was totally normal. By 'normal', I mean that my good-for-nothing brother was absolutely not turned into a zebra while I was being suffocated by a million frogs. There were no levitation pills, time-freezing guns or robot octopuses, and I certainly didn't turn my classmate into a human tornado that destroyed most of the town. That would be preposterous. No, it was just another 'normal' day with my best friend Nate - who just happens to be a genius.

*Script and Scribble* Kitty Burns Florey 2013-10-08 "A witty and readable (and fetchingly illustrated and glossed) excursion through the history of handwriting." —The Wall Street Journal Let a self-confessed "penmanship nut" take you on a tour of the strange and beautiful world of handwriting. Since her Catholic school days learning the Palmer Method, Kitty Burns Florey has been in love with handwriting, and can't imagine a world where schools forego handwriting drills in favor of teaching something called keyboarding. In this "winsome mix of memoir and call to arms" (Chicago Tribune), Florey weaves together the evolution of writing implements and scripts, pen-collecting societies, the golden age of American penmanship, and the growth in popularity of handwriting analysis, and asks the question: Is writing by hand really no longer necessary in today's busy world? "Charmingly composed and handsomely presented," *Script & Scribble* traces the history of penmanship to the importance of writing by hand in an increasingly digital age (The Boston Globe).

**Using the European Portfolio for Student Teachers of Languages** David Newby 2011-01-01 The European Portfolio for Student Teachers of Languages is a tool for reflection and self-assessment of the didactic knowledge and skills necessary to teach languages. It builds on insights from the Common European Framework of Reference and the European Language Portfolio as well as the European Profile for Language Teacher Education. Four years after its initial publication it has been translated into twelve European and Asian languages. To meet widespread demand this ECML publication provides materials which support its implementation in teacher education. The book entitled *Using the European Portfolio for Student Teachers of Languages* presents examples, discussions and research findings of how the EPOSTL is used in initial teacher education courses, in bi-lateral teacher education programs and in teaching practice. The accompanying folder and flyer feature, amongst other things, guidelines for strategic measures for introducing the EPOSTL in a particular institution.

**Inequality in China - Trends, Drivers and Policy Remedies** Ms.Sonali Jain-Chandra 2018-06-05 China has experienced rapid economic growth over the past two decades and is on the brink of eradicating poverty. However, income inequality increased sharply from the early 1980s and rendered China among the most unequal countries in the world. This trend has started to reverse as China has experienced a modest decline in inequality since 2008. This paper identifies various drivers behind these trends - including structural changes such as urbanization and aging and, more recently, policy initiatives to combat it. It finds that policies will need to play an important role in curbing inequality in the future, as projected structural trends will put further strain on equity considerations. In particular, fiscal policy reforms have the potential to enhance inclusiveness and equity, both on the tax and expenditure side.

Overcoming School Refusal Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this

complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal
