*Evaluating Counterterrorism Performance* Beatrice de Graaf 2011-03-15 This book offers a new model for measuring the success and impact of counterterrorism strategies, using four comparative historical case studies. The effectiveness of counterterrorism measures is hard to assess, especially since the social impact of terrorist attacks is a fundamental and complex issue. This book focuses on the impact of counterterrorist measures by introducing the concept of the performative power of counterterrorism: the extent to which governments mobilize public and political support - thereby sometimes even unwittingly assisting terrorists in creating social drama. The concept is applied to counterterrorism in the Netherlands, Italy, the Federal Republic of Germany and the United States in the 1970s. Based on in-depth case study research using new primary sources and interviews with counterterrorist officials and radicals, a correlation is established between a low level of performative power and a decline of terrorist incidents. This is explored in terms of the link between social drama (as enhanced by counterterrorist measures) and ongoing radicalization processes. This book demonstrates that an increase in visible and intrusive counterterrorist measures does not automatically lead to a more effective form of counterterrorism. In the open democracies of the west, not transforming counterterrorism into a performance of power and repression is at least as important as counterterrorism measures themselves. This book will be of much interest to students of terrorism and counter-terrorism, discourse analysis, media and communication studies, conflict studies and IR/Security Studies in general.

**Between Tsar and People** Edith W. Clowes 1991-03-21 This interdisciplinary collection of essays on the social and cultural life of late imperial Russia describes the struggle of new elites to take up a "middle position" in society--between tsar and people. During this period autonomous social and cultural institutions, pluralistic political life, and a dynamic economy all seemed to be emerging: Russia was experiencing a sense of social possibility akin to that which Gorbachev wishes to reanimate in the Soviet Union. But then, as now, diversity had as its price the potential for political disorder and social dissolution. Analyzing the attempt of educated Russians to forge new identities, this book reveals the social, cultural, and regional fragmentation of the times. The contributors are Harley Balzer, John E. Bowlt, Joseph Bradley, William C. Brumfield, Edith W. Clowes, James M. Curtis, Ben Eklof, Gregory L. Freeze, Abbott Gleason, Samuel D. Kassow, Mary Louise Loe, Louise McReynolds, Sidney Monas, John O. Norman, Daniel T. Orlovsky, Thomas C. Owen, Alfred Rieber, Bernice G. Rosenthal, Christine Ruane, Charles E. Timberlake, William Wagner, and James L. West. Samuel D. Kassow has written a conclusion to the volume.

**Edvard Beneš. Politická biografie českého demokrata II** Dejmek, Jindřich 2008-03-01 Druhá část politické biografie Edvarda Beneše se věnuje období od roku 1935, kdy je už profesně i lidsky vyzrálý politik s přehledem po složité mezinárodní situaci jmenován prezidentem ČSR, až do poválečných let poznamenaných marnými snahami o záchranu demokracie. Kniha přináší chronologický obraz "mnichovské krize", druhého československého odboje a budování poválečné republiky, dosud roztržštěný v obrovské

literatuře a faktografii, a sjednocuje ho dramatickým politickým příběhem osobnosti, která se stala spolutvůrcem i obětí českých dějin.

**Ends of War** Paulina Gulińska-Jurgiel 2019-05-06 Reflexionen über die komplexe Frage, wie sich Gesellschaften nach der Erfahrung von Krieg und Gewalt konsolidieren oder gar neu erfinden. Der Zweite Weltkrieg wirkte in Polen wie in anderen europäischen Staaten weit über die unmittelbaren Kampfhandlungen hinaus. Okkupation, Zwangsarbeit, politische und rassistische Verfolgung sowie Grenzverschiebung prägten das Leben der Zivilbevölkerung. Viele der überlebenden Einwohnerinnen und Einwohner der Republik Polen fanden sich nach dem Ende der militärischen Auseinandersetzungen und dem Ende der Shoah unfreiwillig in anderen Regionen, auf dem Gebiet anderer neugebildeter Staaten oder im Exil wieder. Die Beiträge dieses Bandes gehen davon aus, dass es ein Kriegsende weder in Polen noch in seinen Nachbarstaaten gab. In Lublin wurde nach der Befreiung durch die Rote Armee schon 1944 eine sowjetisch gelenkte Übergangsregierung eingesetzt, indessen dauerten Zwangsmigrationen und die Rückkehr von Displaced Persons bis in die frühen 1950er Jahre an. Auf mentaler Ebene prägten die unterschiedlichen Kriegserfahrungen Menschen und ihr Verhalten über Jahre oder gar Jahrzehnte. Die Autorinnen und Autoren dieses Bandes begreifen die unterschiedlichen Kriegsenden als Phasen der Transition und der Neuorientierung. Analytisch kommen historische, museologische, soziologische, rechtswissenschaftliche, linguistische und psychologische Perspektiven zum Tragen.

**Twentieth-Century Russian Poetry** Katharine Hodgson 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union. A multi-authored study of changing cultural memory and identity, this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval. Literary canon and national identity are inextricably tied together, the composition of a canon being the attempt to single out those literary works that best express a nation's culture. This process is, of course, fluid and subject to significant shifts, particularly at times of epochal change. This volume explores changes in the canon of twentieth-century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008. In the wake of major institutional changes, such as the abolition of state censorship and the introduction of a market economy, the way was open for wholesale reinterpretation of twentieth-century poets such as Iosif Brodskii, Anna Akhmatova and Osip Mandel'shtam, their works and their lives. In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non-official literature and suggested replacing the term "Soviet literature" with a new definition - "Russian literature of the Soviet period". Contributions to this volume explore the multiple factors involved in reshaping the canon, understood as a body of literary texts given exemplary or representative status as "classics". Among factors which may influence the composition of the canon are educational institutions, competing views of scholars and critics, including figures outside Russia, and the self-canonising activity of poets themselves. Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet, and the desire to reconnect with pre-revolutionary cultural traditions through a narrative of the past which foregrounds continuity. Despite persistent nostalgic yearnings in some quarters for a single canon, the current situation is defiantly diverse, balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground. Required reading for students, teachers and lovers of

Russian literature, Twentieth-Century Russian Poetry brings our understanding of post-Soviet Russia up to date.

**Patronal Politics** Henry E. Hale 2014-10-31 This book proposes a new way of understanding events throughout the world that are usually interpreted as democratization, rising authoritarianism, or revolution. Where the rule of law is weak and corruption pervasive, what may appear to be democratic or authoritarian breakthroughs are often just regular, predictable phases in longer-term cyclic dynamics - patronal politics. This is shown through in-depth narratives of the post-1991 political history of all post-Soviet polities that are not in the European Union. This book also includes chapters on czarist and Soviet history and on global patterns.

**A Theory of Ellipsis** Marjorie J. McShane 2005-03-03 This book presents a comprehensive theory of ellipsis that supports the formal, cross-linguistic description of elliptical phenomena. In contrast to earlier work, this study focuses on the interconnected factors that determine whether ellipsis should or should not be used in a given context.

*Relations Between Immigration and Integration Policies in Europe* Taylor & Francis Group 2021-12-13

Written from a pan-European perspective, this book examines the decision-making processes in immigration and integration policies in Europe across decades, focusing on several key moments of Europe's postwar history. The analysis of factors taken into consideration by states in key moments of immigration policy (re)formulation shows that Europe is moving away from rational, economic arguments towards more political ones. This book contributes to the theoretical and practical debate regarding immigration and integration policies by arguing that - contrary to assumptions - immigration policy should not be treated as having precedence before integration policy. It also reflects on the growing anti-immigration sentiments as well as the securitisation and criminalisation of migration issues that are fuelled by right-wing politics. This book will be of key interest both to students and scholars of migration, the European Union, European integration, social policy, public policy, international relations, European studies, law, economics, sociology and to professionals, policy-makers, think tanks and associations in NGOs, the EU and other IOs.
