*A Radical Awakening* Shefali Tsabary 2021-05-18 Bestselling author and renowned clinical psychologist Dr Shefali teaches women how to transcend their fears, break free from societal expectations and rediscover the person they were always meant to be. A Radical Awakening lays out a path for women to heal their psychic wounds and prepares them to discover their own powers to help heal others and the planet. Dr Shefali helps women uncover the purpose that already exists within them and harness the power of authenticity in every area of their lives. This is an eloquent and inspiring, practical and accessible book, backed with real-life examples and personal stories, that unlocks the extraordinary power necessary to awaken the conscious self. Dr Shefali will empower and inspire all women to uncover the person they always

wanted to be: fully present, conscious, and happy, by deconstructing the archetypes that still exist in society today, inspiring women to live authentically - and, importantly, elevate other women along the way. 'The world needs to know. Trailblazing. Life-enhancing. A Radical Awakening is one of those books you will want to keep on your nightstand.' - Oprah Winfrey during 'Oprah's Your Life in Focus'

*The Right to Be Helped* Maria Galmarini 2016-08-15 "Doesn't an educated person—simple and working, sick and with a sick child—doesn't she have the right to enjoy at least the crumbs at the table of the revolutionary feast?" Disabled single mother Maria Zolotova-Sologub raised this question in a petition dated July 1929 demanding medical assistance and a monthly subsidy for herself and her daughter. While the welfare of able-bodied and industrially productive people in the first socialist country in the world was protected by a state-funded insurance system, the social rights of labor-incapacitated and unemployed individuals such as Zolotova-Sologub were difficult to define and legitimize. *The Right to Be Helped* illuminates the ways in which marginalized members of Soviet society understood their social rights and articulated their moral expectations regarding the socialist state between 1917 and 1950. Maria Galmarini-Kabala shows how definitions of state assistance and who was entitled to it provided a platform for policymakers and professionals to engage in heated debates about disability, gender, suffering, and productive and reproductive labor. She

explores how authorities and experts reacted to requests for support, arguing that responses were sometimes characterized by an enlightened nature and other times by coercive discipline, but most frequently by a combination of the two. By focusing on the experiences of behaviorally problematic children, unemployed single mothers, and blind and deaf adults in several major urban centers, this important study shows that the dialogue over the right to be helped was central to defining the moral order of Soviet socialism. It will appeal to scholars and students of Russian history, as well as those interested in comparative disabilities and welfare studies.

Women and Gender in Central and Eastern Europe, Russia, and Eurasia

Mary Zirin 2015-03-26 This is the first comprehensive, multidisciplinary, and multilingual bibliography on "Women and Gender in East Central Europe and the Balkans (Vol. 1)" and "The Lands of the Former Soviet Union (Vol. 2)" over the past millennium. The coverage encompasses the relevant territories of the Russian, Hapsburg, and Ottoman empires, Germany and Greece, and the Jewish and Roma diasporas. Topics range from legal status and marital customs to economic participation and gender roles, plus unparalleled documentation of women writers and artists, and autobiographical works of all kinds. The volumes include approximately 30,000 bibliographic entries on works published through the end of 2000, as well as web sites and unpublished dissertations. Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies. The entries are cross-referenced and each volume includes indexes.

*Positive Psychology in Second and Foreign Language Education*

Katarzyna Budzińska 2021-03-02 This book demonstrates how resources taken from positive psychology can benefit both teachers and learners. Positive psychology is the empirical study of how people thrive and flourish. This book explores a range of topics, such as affectivity and positive emotions, engagement, enjoyment, empathy, positive institutions, a positive L2 self-system, as well as newly added Positive Language Education. Some papers in this collection introduce new topics such as the role of positive psychology in international higher education, a framework for understanding language teacher well-being from an ecological perspective, or positive institutional policies in language education contexts.

*Jeremy Pang's School of Wok* Jeremy Pang 2022-05-26 Celebrate fast, furious and fresh Asian cooking with over 80 recipes from TV's Jeremy Pang and his award-winning cookery institution, School of Wok. Bringing together the best Asian flavours from across the continent, this book is a combination of quick-fire, easy meals that take minutes to cook up. Most recipes in the book utilise the 'wok clock' technique, where the ingredients are laid out in a clock formation in the order they will be cooked for complete simplicity. From quick weekday suppers to family feasts with a bit more flare, Jeremy Pang's School of Wok contains the tips and tricks you need to make the world of Asian cooking easily accessible so you never have to resort to a fakeaway ever again. Chapter one: Chinese Including General Tso's Chicken; Garlic & Vermicelli Steamed Prawns and Vegan Chow Mein Chapter two: Thai Including Steamed Fish with Lemon Grass & Lime Broth; Bangkok Crab Omelette and Green Chicken Curry Chapter three: Vietnamese Including Quick Chicken Pho; Sweet Potato & Prawn Fritters and Crispy Tofu in Tomato Sauce Chapter four: Singaporean & Malaysian Including Vegan Laksa;

Malaysian Mixed Rice and Sesame Oil Chicken Chapter five: Indonesian & Pinoy Including Pinoy Garlic Butter Chilli Prawns; Coconut Spicy Squash Stew and Ben's Spicy Fried Chicken Chapter five: Korean & Japanese Including Kimchi Fried Rice, Korean Fried Chicken and Quick Vegan Ramen

Febris Erotica Valeria Sobol 2011-05-01 The destructive power of obsessive love was a defining subject of eighteenth- and nineteenth-century Russian literature. In *Febris Erotica*, Sobol argues that Russian writers were deeply preoccupied with the nature of romantic relationships and were persistent in their use of lovesickness not simply as a traditional theme but as a way to address pressing philosophical, ethical, and ideological concerns through a recognizable literary trope. Sobol examines stereotypes about the damaging effects of romantic love and offers a short history of the topos of lovesickness in Western literature and medicine. Read an interview with the author: [http://www.rorotoko.com/index.php/article/valeria\\_sobol\\_interview\\_febris\\_erotica\\_lovesickness\\_russian\\_literary\\_imagin/](http://www.rorotoko.com/index.php/article/valeria_sobol_interview_febris_erotica_lovesickness_russian_literary_imagin/)

*Language in Action* Riikka Alanen 2021-02-10 The Russian psychologist L. S. Vygotsky (1896–1934) has been one of the central figures in the recent shift from the cognitive to the social and the cultural in educational and psychological research. A. N. Leontiev's (1903–1979) activity theory has had a similar impact in the West. A. A. Leontiev's (1936–2004) psycholinguistic theories have also started to attract increasing attention. The ideas of these scholars have also made their mark on second and foreign language learning research outside Russia. However, there is no one widely accepted, monolithic Vygotskian or Leontievian theory. Furthermore, the nature and role of language in action and activity remain open for debate. This edited volume presents 19 chapters bringing together different views from a number of disciplines for a critical analysis and reappraisal of the relationship

between language and action. The topics range from theoretical and methodological issues related to sociocultural and activity theoretical views of language to empirical research reports on classroom interaction, identity, language assessment, teacher education and second and foreign language learning. The overall aim of *Language in Action: Vygotsky and Leontievian Legacy Today* is to shed light on the nature of human action and activity and the role that language has in mediating and shaping what we think, do, and learn. At the same time, the book serves as a showcase of different socially oriented approaches to the study of what we as human beings are and what we do with language. **Total Immersion** Terry Laughlin 2012-03-13 Swim better—and enjoy every lap—with *Total Immersion*, a guide to improving your swimming from an expert with more than thirty years of experience in the water. Terry Laughlin, the world's #1 authority on swimming success, has made his unique approach even easier for anyone to master. Whether you're an accomplished swimmer or have always found swimming to be a struggle, *Total Immersion* will show you that it's mindful fluid movement—not athletic ability—that will turn you into an efficient swimmer. This new edition of the bestselling *Total Immersion* features: · A thoughtfully choreographed series of skill drills—practiced in the mindful spirit of yoga—that can help anyone swim more enjoyably · A holistic approach to becoming one with the water and to developing a swimming style that's always comfortable · Simple but thorough guidance on how to improve fitness and form · A complementary land-and-water program for achieving a strong and supple body at any age Based on more than thirty years of teaching, coaching, and research, *Total Immersion* has dramatically improved the physical and mental experience of swimming for thousands of people of all ages and abilities.

*Polin: Studies in Polish Jewry Volume 29* Natalia Aleksiu 2016-12-29 Historiography formed an unusually important component of the popular culture and heritage of east European Jewry in the late nineteenth and early twentieth centuries. This was a period of social, economic, and political upheaval, and for the emerging class of educated Jews the writing and reading of Jewish history provided not only intellectual but

also emotional and moral sustenance. Facing an insecure future became easier with an understanding of the past, and of the Jewish place in that past. This volume is devoted to the development of Jewish historiography in the three east European centres—Congress Poland, the Russian empire, and Galicia—that together contained the majority of world Jewry at that time. Drawing widely on the multilingual body of scholarly and popular literature that emerged in that turbulent environment, the contributors to this volume attempt to go beyond the established paradigms in the study of Jewish historiography, and specifically to examine the relationship between the writing of Jewish history and of non-Jewish history in eastern Europe. In doing so they expose the tension between the study of the Jewish past in a communal setting and in a wider, regional, setting that located Jews firmly in the non-Jewish political, economic, and cultural environment. They also explore the relationship between ‘history’—seen as the popular understanding of the past—and ‘scholarly history’—interpretation of the past through the academic study of the sources, which lays claim to objectivity and authority. The development of Jewish historical scholarship grew out of the new intellectual climate of the Haskalah, which encouraged novel modes of thinking about self and others and promoted critical enquiry and new approaches to traditional sources. At the same time, however, in response to what the traditionalists perceived as secular research, an Orthodox historiography also emerged, driven not only by scholarly curiosity but also by the need to provide a powerful counterweight in the struggle against modernity. In fact, east European Jewish historiography has undergone many methodological, thematic, and ideological transformations over the last two centuries. Even today, east European Jewish historiography revisits many of the questions of importance to scholars and audiences since its emergence: how Jews lived, both within the narrow Jewish world and in contact with the wider society; the limits of Jewish insularity and integration; expressions of persecution and anti-Jewish violence; and also Jewish contributions to the societies and states of eastern Europe. Many challenges still remain: questions of the purpose of the research, its ideological colouring, and its relevance for

contemporary Jewish communities. The fruit of research in many disciplines and from different methodological points of view, this volume has much to offer scholars of modern Jewry trying to understand how east European Jews saw themselves as they struggled with the concepts of modernity and national identity and how their history continues to be studied and discussed by an international community of scholars.

*The Revolution of 1905 and Russia's Jews* Stefani Hoffman 2008-02-27 In this multidisciplinary volume, leading historians provide new understanding of a time that sent shockwaves through Jewish communities in and beyond the Russian Empire and transformed the way Jews thought about the politics of ethnic and national identity.

**Movement Medicine** Susannah Darling-Khan 2009-09-07 Movement Medicine is the kind of instruction manual you'll actually want to read. It is laced with personal stories from the authors' lives that are funny, inspiring and moving, as well as 38 recipes that will change the way you see and feel about yourself and your place in this world. Anybody in a body can take part. So that means you. Take a deep breath. Your drum is calling you. Its rhythm is in your blood. We are being challenged as a species to raise our game. The 9 Gateways are a map and a guide for the critical times we live in. In them, you will see the ancient and the modern, the psychotherapeutic and the shamanic, the devotional and the traditional, the scientific and the mystical, all woven together into

material that is strong enough to support you to 'Live Your Dream.'

Culture of the Future Lynn Mally 1990-01-01 "Mally's book moves the study of an important revolutionary cultural experiment from the realm of selective textual analysis to wide-ranging social and institutional history. It reveals vividly the social-cultural tensions and values inherent in the Russian revolutionary period, and adds authoritatively to the rapidly emerging literature on cultural revolution in Russia and in the modern world at large."--Richard Stites, Georgetown University

Equality and Revolution Rochelle Goldberg Ruthchild 2010 On July 20, 1917, Russia became the world's first major power to grant women the right to vote and hold public office. Yet in the wake of the October Revolution later that year, the foundational organizations and individuals who pioneered the suffragist cause were all but erased from Russian history. The women's movement, when mentioned at all, is portrayed as meaningless to proletariat and peasant women, based in elitist and bourgeoisie culture of the tsarist era, and counter to socialist ideology. In this groundbreaking book, Rochelle Goldberg Ruthchild reveals that Russian feminists in fact appealed to all classes and were an integral force for revolution and social change, particularly during the monumental uprisings of 1905-1917. Ruthchild offers a telling examination of the dynamics present in imperialist Russia that fostered a growing feminist movement. Based upon extensive archival research in six countries, she analyzes the backgrounds, motivations, methods, activism, and organizational networks of early Russian feminists, revealing the foundations of a powerful feminist intelligentsia that came to challenge, and eventually bring down, the patriarchal tsarist regime. Ruthchild profiles the individual women (and a few men) who were vital

to the feminist struggle, as well as the major conferences, publications, and organizations that promoted the cause. She documents political party debates on the acceptance of women's suffrage and rights, and follows each party's attempt to woo feminist constituencies despite their fear of women gaining too much political power. Ruthchild also compares and contrasts the Russian movement to those in Britain, China, Germany, France, and the United States. *Equality and Revolution* offers an original and revisionist study of the struggle for women's political rights in late imperial Russia, and presents a significant reinterpretation of a decisive period of Russian--and world--history.

Historians and Historical Societies in the Public Life of Imperial Russia Vera Kaplan 2017-02-27 What was the role of historians and historical societies in the public life of imperial Russia? Focusing on the Society of Zealots of Russian Historical Education (1895-1918), Vera Kaplan analyzes the network of voluntary associations that existed in imperial Russia, showing how they interacted with state, public, and private bodies. Unlike most Russian voluntary associations of the late imperial period, the Zealots were conservative in their view of the world. Yet, like other history associations, the group conceived their educational mission broadly, engaging academic and amateur historians, supporting free public libraries, and widely disseminating the historical narrative embraced by the Society through periodicals. The Zealots were champions of voluntary association and admitted members without regard to social status, occupation, or gender. Kaplan's study affirms the existence of a more substantial civil society in late imperial Russia and one that could endorse a modernist program without an oppositional liberal agenda.

*Experiments With People* Robert P. Abelson 2014-04-04 *Experiments With People* showcases 28 intriguing studies that have significantly advanced our understanding of human thought and social behavior.

These studies, mostly laboratory experiments, shed light on the irrationality of everyday thinking, the cruelty and indifference of 'ordinary' people, the operation of the unconscious mind, and the intimate bond between the self and others. This book tells the inside story of how social psychological research gets done and why it matters. Each chapter focuses on the details and implications of a single study, but cites related research and real-life examples. All chapters are self-contained, allowing them to be read in any order. Each chapter is divided into: \*Background--provides the rationale for the study; \*What They Did--outlines the design and procedure used; \*What They Found--summarizes the results obtained; \*So What?--articulates the significance of those results; \*Afterthoughts--explores the broader issues raised by the study; and \*Revelation--encapsulates the 'take-home message' of each chapter. This paperback is ideal as a main or supplementary text for courses in social psychology, introductory psychology, or research design.

**Feminism in Russia, 1900-17** Linda Harriet Edmondson 1984

Women's Struggle for Higher Education in Russia, 1855-1900 Christine Johanson 1987-01-01 Unlike contemporary Soviet and Western accounts which emphasize the involvement of educated women in the revolutionary movement, Christine Johanson investigates the relationship between developments in women's education and domestic politics of the

post-Crimean War era. The author shows how the particular nature of autocratic rule under Alexander II facilitated the establishment of university-level courses for women, and demonstrates that Russian women who cooperated with the government in order to increase their educational opportunities far outnumbered the female revolutionists who sought to overthrow it. And, while acknowledging that Russian radicalism gave enormous encouragement to women's pursuit of university study, this book shows that it was the support of progressive statesmen and academics which allowed the creation of higher educational facilities for women. The attitudes, aspirations, and frustrations of women who enrolled in these educational facilities are also examined. Considerable attention is given to the training and practice of female physicians and to the testing of their skills and commitment to social service in tradition-bound peasant villages and the field hospitals of the Russo-Turkish war. The concluding chapter explored the conservative reaction following the assassination of Alexander II and the subsequent closure of women's advanced educational facilities.
