Revolutionary Acts Lynn Mally 2016-11-01 During the Russian Revolution and Civil War, amateur theater groups sprang up in cities across the country. Workers, peasants, students, soldiers, and sailors provided entertainment ranging from improvisations to gymnastics and from propaganda sketches to the plays of Chekhov. In Revolutionary Acts, Lynn Mally reconstructs the history of the amateur stage in Soviet Russia from 1917 to the height of the Stalinist purges. Her book illustrates in fascinating detail how Soviet culture was transformed during the new regime's first two decades in power. Of all the arts, theater had a special appeal for mass audiences in Russia, and with the coming of the revolution it took on an important role in the dissemination of the new socialist culture. Mally's analysis of amateur theater as a space where performers, their audiences, and the political authorities came into contact enables her to explore whether this culture emerged spontaneously "from below" or was imposed by the revolutionary elite. She shows that by the late 1920s, Soviet leaders had come to distrust the initiatives of the lower classes, and the amateur theaters fell increasingly under the guidance of artistic professionals. Within a few years, state agencies intervened to homogenize repertoire and performance style, and with the institutionalization of Socialist Realist principles, only those works in a unified Soviet canon were presented.

Between Prometheism and Realpolitik Jan Jacek Bruski 2016-12-05 The Treaty of Riga of March 1921 did not signify real peace. It was soon followed by the outbreak of a Polish-Soviet cold war, which in the early 1920s threatened to reach a boiling point. One of the salient fronts on which it was fought was Ukraine and the Ukrainian question. The means by which it was waged – first by Poland, and subsequently, more successfully, by the Soviets – was by attempts to stir up centrifugal tendencies on enemy territory, leading eventually to the splitting up of the neighboring state along its national seams. Polish-Soviet rivalry over Ukraine had flared up at the Riga peace conference. In the following years both antagonists struggled to win over the sympathies of Ukrainians living on either side of the frontier River Zbrucz (Zbruch) and dispersed in various émigré centers, and the weapons employed were propaganda, diplomacy, nationalities policy, economic projects, political subterfuge, and armed irredentism. Jan Jacek Bruski's book addresses the first, very important phase of this Polish-Soviet tussle.

Crossing Boundaries. Building Bridges Annie Canel 2005-08-08 Women engineers have been in the public limelight for decades, yet we have surprisingly little historically grounded understanding of the patterns of employment and education of women in this field. Most studies are either policy papers or limited to statistical analyses. Moreover, the scant historical research so far available emphasizes the individual, single and unique character of those women working in engineering, often using anecdotal evidence but ignoring larger issues like the patterns of the labour market and educational institutions. Crossing Boundaries, Building Bridges offers answers to the question why women engineers have required special permits to pass through the male guarded gates of engineering and examines how they have managed this. It explores the differences and similarities between women engineers in nine countries from a gender point of view. Through case studies the book considers the mechanisms of exclusion and inclusion of women engineers.

The Influence of Animism on Islam Samuel Marinus Zwemer 1920
The Electrification of Russia, 1880-1926 Jonathan Coopersmith 2016-11-01 The Electrification of Russia, 1880-1926 is the first full account of the widespread adoption of electricity in Russia, from the beginning in the 1880s to its early years as a state technology under Soviet rule. Jonathan Coopersmith has mined the archives for both the tsarist and the Soviet periods to examine a crucial element in the modernization of Russia. Coopersmith shows how the Communist Party forged an alliance with engineers to harness the socially transformative power of this science-based enterprise. A centralized plan of electrification triumphed, to the benefit of the Communist Party and the detriment of local governments and the electrical engineers. Coopersmith’s narrative of how this came to be elucidates the deep-seated and chronic conflict between the utopianism of Soviet ideology and the reality of Soviet politics and economics.

Wicked and Humorous Tales Hector Hugh Munro 2013-02-18 HUMOUR & COMEDY A dramatic intrusion ends a long family feud, a man is strangely influenced by his pets, a cat brings scandal to British society and a little boy battles to enjoy life with the help of his own personal god. These are just a few of the amazing stories created by Hector Hugh Munro – alias master short-story teller Saki, ex-journalist who turned to writing satirical tales. Dossier: Writers and the First World War

White Rose, Black Forest Eoin Dempsey 2018-03 An Amazon Charts bestseller. In the shadows of World War II, trust becomes the greatest risk of all for two strangers. December 1943. In the years before the rise of Hitler, the Gerber family’s summer cottage was filled with laughter. Now, as deep drifts of snow blanket the Black Forest, German dissenter Franka Gerber is alone and hopeless. Fervor and brutality have swept through her homeland, taking away both her father and her brother and leaving her with no reason to live. That is, until she discovers an unconscious airman lying in the snow wearing a Luftwaffe uniform, his parachute flapping in the wind. Unwilling to let him die, Franka takes him to her family’s isolated cabin despite her hatred for the regime he represents. But when it turns out that he is not who he seems, Franka begins a race against time to unravel the mystery of the airman’s true identity. Their tenuous bond becomes as inseparable as it is dangerous. Hunted by the Gestapo, can they trust each other enough to join forces on a mission that could change the face of the war and their own lives forever?

Boundaries Henry Cloud 2008-09-09 Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances – Mental boundaries give us the freedom to have our own thoughts and opinions – Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others - Spiritual boundaries help us to distinguish God’s will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

Miami Police File Gina Clemen 2007-01-01 Peter O’Neill, Montego High School’s favorite teacher, goes missing in the Bermuda Triangle, and the Miami Police can’t solve the case. His students decide to investigate, with the help of O’Neill’s dog, Rover. This reader for adult-level English language learners includes KET- and Trinity-style activities; dossiers on Halloween, high school sports, and the Bermuda Triangle; a recording of the full text; and an exit test with answer key.–From publisher description.

Linguistic and Cultural Studies: Traditions and Innovations Andrey Filchenko 2017-09-18 This book features contributions to the XVIIth International Conference “Linguistic and Cultural Studies: Traditions and Innovations” (LKTI 2017), providing insights into theory, research, scientific achievements, and best practices in the fields of pedagogics, linguistics, and language teaching and learning with a particular focus on Siberian perspectives and collaborations between academics from other Russian regions. Covering topics including curriculum development, designing and delivering courses and vocational training, the book is intended for academics working at all levels of education striving to improve educational environments in their context - school, tertiary education and continuous professional development.

Moreover, the scant historical research so far available emphasizes the individual, single and unique character of those women working in engineering, often using anecdotal evidence but ignoring larger issues like the patterns of the labour market and educational institutions. Crossing Boundaries, Building Bridges offers answers to the question why women engineers have required special permits to pass through the male guarded gates of engineering and examines how they have managed this. It explores the differences and similarities between women engineers in nine countries from a gender point of view. Through case studies the book considers the mechanisms of exclusion and inclusion of women engineers.

The Influence of Animism on Islam Samuel Marinus Zwemer 1920
The Electrification of Russia, 1880-1926 Jonathan Coopersmith 2016-11-01 The Electrification of Russia, 1880-1926 is the first full account of the widespread adoption of electricity in Russia, from the beginning in the 1880s to its early years as a state technology under Soviet rule. Jonathan Coopersmith has mined the archives for both the tsarist and the Soviet periods to examine a crucial element in the modernization of Russia. Coopersmith shows how the Communist Party forged an alliance with engineers to harness the socially transformative power of this science-based enterprise. A centralized plan of electrification triumphed, to the benefit of the Communist Party and the detriment of local governments and the electrical engineers. Coopersmith’s narrative of how this came to be elucidates the deep-seated and chronic conflict between the utopianism of Soviet ideology and the reality of Soviet politics and economics.

Wicked and Humorous Tales Hector Hugh Munro 2013-02-18 HUMOUR & COMEDY A dramatic intrusion ends a long family feud, a man is strangely influenced by his pets, a cat brings scandal to British society and a little boy battles to enjoy life with the help of his own personal god. These are just a few of the amazing stories created by Hector Hugh Munro – alias master short-story teller Saki, ex-journalist who turned to writing satirical tales. Dossier: Writers and the First World War

White Rose, Black Forest Eoin Dempsey 2018-03 An Amazon Charts bestseller. In the shadows of World War II, trust becomes the greatest risk of all for two strangers. December 1943. In the years before the rise of Hitler, the Gerber family’s summer cottage was filled with laughter. Now, as deep drifts of snow blanket the Black Forest, German dissenter Franka Gerber is alone and hopeless. Fervor and brutality have swept through her homeland, taking away both her father and her brother and leaving her with no reason to live. That is, until she discovers an unconscious airman lying in the snow wearing a Luftwaffe uniform, his parachute flapping in the wind. Unwilling to let him die, Franka takes him to her family’s isolated cabin despite her hatred for the regime he represents. But when it turns out that he is not who he seems, Franka begins a race against time to unravel the mystery of the airman’s true identity. Their tenuous bond becomes as inseparable as it is dangerous. Hunted by the Gestapo, can they trust each other enough to join forces on a mission that could change the face of the war and their own lives forever?

Boundaries Henry Cloud 2008-09-09 Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances – Mental boundaries give us the freedom to have our own thoughts and opinions – Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others - Spiritual boundaries help us to distinguish God’s will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

Miami Police File Gina Clemen 2007-01-01 Peter O’Neill, Montego High School’s favorite teacher, goes missing in the Bermuda Triangle, and the Miami Police can’t solve the case. His students decide to investigate, with the help of O’Neill’s dog, Rover. Russian Social Media Influence Todd C. Helmus 2018-04-12 Russia employs a sophisticated social media campaign against former Soviet states that includes news tweets, nonattributed comments on web pages, troll and bot social media accounts, and fake hashtag and Twitter campaigns. Nowhere is this threat more tangible than in Ukraine. Researchers analyzed social media data and conducted interviews with regional and security experts to understand the critical ingredients to countering this campaign.
