

Kursy/speech On

When people should go to the books stores, search opening by shop, shelf by shelf, it is in fact problematic. This is why we provide the ebook compilations in this website. It will definitely ease you to look guide **kursy/speech on** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you endeavor to download and install the kursy/speech on, it is completely simple then, before currently we extend the connect to buy and make bargains to download and install kursy/speech on fittingly simple!

Women and Gender in Central and Eastern Europe, Russia, and Eurasia

Mary Zirin 2015-03-26 This is the first comprehensive, multidisciplinary, and multilingual bibliography on "Women and Gender in East Central Europe and the Balkans (Vol. 1)" and "The Lands of the Former Soviet Union (Vol. 2)" over the past millennium. The coverage encompasses the relevant territories of the Russian, Hapsburg, and Ottoman empires, Germany and Greece, and the Jewish and Roma diasporas. Topics range from legal status and marital customs to economic participation and gender roles, plus unparalleled documentation of women writers and artists, and autobiographical works of all kinds. The volumes include approximately 30,000 bibliographic entries on works published through the end of 2000, as well as web sites and unpublished dissertations. Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies. The entries are cross-referenced and each volume includes indexes.

Говорите по-русски Серафима Хавроница 2018-12-20 Пособие предназначено для иностранных учащихся, получивших подготовку по русскому языку на уровне начально-среднего этапа и желающих продолжать занятия языком. Цель книги - развитие и совершенствование речевых умений на базе текстов бытовой и социальной тематики, расширение лексического запаса учащихся, формирование грамматических навыков. Пособие может быть использовано при изучении русского языка как иностранного студентами, магистрантами, стажерами и всеми желающими.

Science of the Child in Late Imperial and Early Soviet Russia Andy Byford 2020-02-27 Between the 1880s and the 1930s, children became the focus of unprecedented scientific and professional interest in modernizing societies worldwide, including in the Russian Empire and then the Soviet Union. Those who claimed children as special objects of investigation were initially spread across a network of imperfectly professionalized scholarly and occupational groups based mostly in the fields of medicine, education, and psychology. From their various perspectives, they made ambitious claims about the contributions that their emergent expertise made to the understanding of, and intervention in, human bio-psycho-social development. The international movement that arose out of this catalyzed the institutionalization of new domains of knowledge, including developmental and educational psychology, special needs education, and child psychiatry. *Science of the Child* charts the evolution of the child science movement in Russia from the Crimean War to the Second World War. It is the first comprehensive history in English of the rise and fall of this multidisciplinary field across the late Imperial and Soviet periods. Drawing on ideas and concepts emanating from a variety of theoretical domains, the study provides new insights into the concerns of Russia's professional intelligentsia with matters of biosocial reproduction and investigates the incorporation of scientific knowledge and professional expertise focused on child development into the making of the welfare/warfare state in the rapidly changing political landscape of the early Soviet era.

McGill Journal of Education 1974

The Jews of Bohemia and Moravia Livia Rothkirchen 2006-01-01 Published by the University of Nebraska Press, Lincoln, and Yad Vashem, Jerusalem "We were both small nations whose existence could never be taken for granted," Vaclav Havel said of the Czechs and the Jews of Israel in 1990, and indeed, the complex and intimate link between the fortunes of these two peoples is unique in European history. This book, by one of the world's leading authorities on the history of Czech and Slovak Jewry during the Nazi period, is the first to thoroughly document this singular relationship and to trace its impact, both practical and profound, on the fate of the Jews of Bohemia and Moravia during the Holocaust. Livia Rothkirchen provides a detailed and comprehensive history of how Nazi rule in the Czech lands was shaped as much by local culture and circumstances as by military policy. The extraordinary nature

of the Czech Jews' experience emerges clearly in chapters on the role of the Jewish minority in Czech life; the crises of the Munich agreement and the German occupation, the reaction of the local population to the persecution of the Jews, the policies of the London-based government in exile, the question of Jewish resistance, and the special case of the Terezin (Theresienstadt) ghetto. The Jews of Bohemia and Moravia is based on a wealth of primary documents, many uncovered only after the 1989 November Revolution. With an epilogue on the post-1945 period, this richly woven historical narrative supplies information essential to an understanding of the history of the Jews in Europe.

The British Poets 1865

Captive University John Connelly 2014-12-01 This comparative history of the higher education systems in Poland, East Germany, and the Czech lands reveals an unexpected diversity within East European stalinism. With information gleaned from archives in each of these places, John Connelly offers a valuable case study showing how totalitarian states adapt their policies to the contours of the societies they rule. The Communist dictum that universities be purged of "bourgeois elements" was accomplished most fully in East Germany, where more and more students came from worker and peasant backgrounds. But the Polish Party kept potentially disloyal professors on the job in the futile hope that they would train a new intelligentsia, and Czech stalinists failed to make worker and peasant students a majority at Czech universities. Connelly accounts for these differences by exploring the prestalinist heritage of these countries, and particularly their experiences in World War II. The failure of Polish and Czech leaders to transform their universities became particularly evident during the crises of 1968 and 1989, when university students spearheaded reform movements. In East Germany, by contrast, universities remained true to the state to the end, and students were notably absent from the revolution of 1989.

Russian Social Media Influence Todd C. Helmus 2018-04-12 Russia employs a sophisticated social media campaign against former Soviet states that includes news tweets, nonattributed comments on web pages, troll and bot social media accounts, and fake hashtag and Twitter campaigns. Nowhere is this threat more tangible than in Ukraine. Researchers analyzed social media data and conducted interviews with regional and security experts to understand the critical ingredients to countering this campaign.

Parallel Paths to Constructivism Susan Pass 2004-11-01 No two people were more responsible for the current way lessons are taught worldwide than Jean Piaget and Lev Vygotsky. Both men had an important impact worldwide on how a person should be taught--starting in the last century and continuing today. Jean Piaget's Genetic Epistemology concentrated on the individual in learning. Lev Vygotsky's Cultural-Historical Theory concentrated on the social in learning. All over the world, teachers today use each man's ideas. Some use them at different times in their classrooms and others have learned to use them combined into the same lesson--bringing us to the crux of this book; namely, there are many lessons to learn by discovering the dynamics in the lives of both men. While both were from very different countries, there are many similarities in their lives. While most professors teaching introductory educational psychology courses focus on the difference in their lesson strategies, there are some remarkable similarities between their respective pedagogies. While differences in their families and countries were obviously significant, the two men differed surprisingly little in

their pedagogical views and their basic ideas. Their similarities in views and ideas are due to the similarities in their lives. Chapter 1 looks at those similarities by looking at influences in their childhood. Chapter 2 observes their adolescence. Chapter 3 concentrates on young adulthood. Chapter 4 covers their postgraduate work. Chapter 5 traces the origins of their major ideas. For Jean Piaget, we look at the origin of chronological stages of development, the role of language, the role of the teacher, optimal mismatch, equilibration, error, and play. For Lev Vygotsky, we look at the origin of zone of proximal development, internalization, stage of development, "the social other," role of language, error, sociohistorical context of learning, scaffolding and play. Chapter 6 deals with how Jean Piaget and Lev Vygotsky were able to overcome adversity and the lessons that can be learned by such overcoming. Chapter 7 provides a new pedagogy based on the communications that Jean Piaget and Lev Vygotsky had with each other, noting the influence such communications had on their mutual ideas.

Alexander Romanovich Luria Evgenii[a] Davydovna Khomskai[a] 2001-04-30 Alexander Romanovitch Luria is widely recognized as one of the most prominent neuropsychologists of the twentieth century. This book - written by his long-standing colleague and published in Russian by Moscow University Press in 1992, fifteen years after his death - is the first serious volume from outside the Luria family devoted to his life and work and includes the most comprehensive bibliography available anywhere of Luria's writings.

Education Reform and Internationalisation David Bridges 2014-08-28

This collection presents new investigations into the role of heritage languages and the correlation between culture and language from a pedagogic and cosmopolitical point of view.

The Dimensions of Hegemony Craig Brandist 2015-02-12 In *The Dimensions of Hegemony* Craig Brandist offers a detailed analysis of debates around the cultural and linguistic aspects of proletarian leadership in revolutionary Russia. The result is a new perspective on critiques usually associated with sociolinguistic and post-colonial studies.

Sociocultural Perspectives on Language Change in Diaspora David R. Andrews 1999 This book is a sociolinguistic examination of the Russian speech of the American "Third Wave," the migration from the Soviet Union which began in the early 1970s under the policy of detente. Within the framework of bilingualism and language contact studies, it examines developments in emigre Russian with reference to the late Cold-War period which shaped them and the post-Soviet era of today. The book addresses matters of interest not only to Russianists, but to linguists of various theoretical persuasions and to sociologists, anthropologists and cultural historians working on a range of related topics. No knowledge of the Russian language is assumed on the part of the reader, and all linguistics examples are presented in standard transliteration and fully explicated.

A Biographical Dictionary of Women's Movements and Feminisms

Francisca de Haan 2006-01-10 This Biographical Dictionary describes the lives, works and aspirations of more than 150 women and men who were active in, or part of, women's movements and feminisms in Central, Eastern and South Eastern Europe. Thus, it challenges the widely held belief that there was no historical feminism in this part of Europe. These innovative and often moving biographical portraits not only show that

feminists existed here, but also that they were widespread and diverse, and included Romanian princesses, Serbian philosophers and peasants, Latvian and Slovakian novelists, Albanian teachers, Hungarian Christian social workers and activists of the Catholic women's movement, Austrian factory workers, Bulgarian feminist scientists and socialist feminists, Russian radicals, philanthropists, militant suffragists and Bolshevik activists, prominent writers and philosophers of the Ottoman era, as well as Turkish republican leftist political activists and nationalists, internationally recognized Greek feminist leaders, Estonian pharmacologists and science historians, Slovenian 'literary feminists,' Czech avant-garde painters, Ukrainian feminist scholars, Polish and Czech Senate Members, and many more. Their stories together constitute a rich tapestry of feminist activity and redress a serious imbalance in the historiography of women's movements and feminisms.

Mothers and Daughters Barbara Alpern Engel 2000-02 The first psychosocial study of the female intelligentsia in Russia, *Mothers and Daughters* explains how and why women radicals of the nineteenth century diverged from their male counterparts, describes the forces that led women to rebel, and discusses their mixed legacy to future generations. Barbara Alpern Engel examines her subject on three levels: the traditional family system; early feminism and women's rebellion against the family; and the causes and consequences of women's revolutionary activity. She describes the impact this revolt had on the family and the lives of radical women and the movement's role in inspiring a new feminine mythology. Throughout, Engel brings nineteenth-century women to life, humanizing history as she presents a case study of how the personal became political in a time and place very different from our own.

The Races of Europe Steven Coons Carleton 1939-01-01

Sovereignty Experiments Alyssa M. Park 2019-07-15 *Sovereignty Experiments* tells the story of how authorities in Korea, Russia, China, and Japan—through diplomatic negotiations, border regulations, legal categorization of subjects and aliens, and cultural policies—competed to control Korean migrants as they suddenly moved abroad by the thousands in the late nineteenth century. Alyssa M. Park argues that Korean migrants were essential to the process of establishing sovereignty across four states because they tested the limits of state power over territory and people in a borderland where authority had been long asserted but not necessarily enforced. Traveling from place to place, Koreans compelled statesmen to take notice of their movement and to experiment with various policies to govern it. Ultimately, states' efforts culminated in drastic measures, including the complete removal of Koreans on the Soviet side. As Park demonstrates, what resulted was the stark border regime that still stands between North Korea, Russia, and China today. Skillfully employing a rich base of archival sources from across the region, *Sovereignty Experiments* sets forth a new approach to the transnational history of Northeast Asia. By focusing on mobility and governance, Park illuminates why this critical intersection of Asia was contested, divided, and later reimagined as parts of distinct nations and empires. The result is a fresh interpretation of migration, identity, and state making at the crossroads of East Asia and Russia.

Equality and Revolution Rochelle Goldberg Ruthchild 2010 On July 20, 1917, Russia became the world's first major power to grant women the right to vote and hold public office. Yet in the wake of the October Revolution later that year, the foundational organizations and individuals who pioneered the suffragist cause were all but erased from Russian history. The women's movement, when mentioned at all, is portrayed as meaningless to proletariat and peasant women, based in elitist and bourgeoisie culture of the tsarist era, and counter to socialist ideology. In this groundbreaking book, Rochelle Goldberg Ruthchild reveals that Russian feminists in fact appealed to all classes and were an integral force for revolution and social change, particularly during the monumental uprisings of 1905-1917. Ruthchild offers a telling examination of the dynamics present in imperialist Russia that fostered a growing feminist movement. Based upon extensive archival research in six countries, she analyzes the backgrounds, motivations, methods, activism, and organizational networks of early Russian feminists,

revealing the foundations of a powerful feminist intelligentsia that came to challenge, and eventually bring down, the patriarchal tsarist regime. Ruthchild profiles the individual women (and a few men) who were vital to the feminist struggle, as well as the major conferences, publications, and organizations that promoted the cause. She documents political party debates on the acceptance of women's suffrage and rights, and follows each party's attempt to woo feminist constituencies despite their fear of women gaining too much political power. Ruthchild also compares and contrasts the Russian movement to those in Britain, China, Germany, France, and the United States. *Equality and Revolution* offers an original and revisionist study of the struggle for women's political rights in late imperial Russia, and presents a significant reinterpretation of a decisive period of Russian--and world--history.

Home Fire Kamila Shamsie 2017 "Ingenious... Builds to one of the most memorable final scenes I've read in a novel this century." --The New York Times WINNER OF THE 2018 WOMEN'S PRIZE FOR FICTION FINALIST FOR THE 2019 INTERNATIONAL DUBLIN LITERARY AWARD LONGLISTED FOR THE MAN BOOKER PRIZE The suspenseful and heartbreaking story of an immigrant family driven to pit love against loyalty, with devastating consequences Isma is free. After years of

watching out for her younger siblings in the wake of their mother's death, she's accepted an invitation from a mentor in America that allows her to resume a dream long deferred. But she can't stop worrying about Aneeka, her beautiful, headstrong sister back in London, or their brother, Parvaiz, who's disappeared in pursuit of his own dream, to prove himself to the dark legacy of the jihadist father he never knew. When he resurfaces half a globe away, Isma's worst fears are confirmed. Then Eamonn enters the sisters' lives. Son of a powerful political figure, he has his own birthright to live up to--or defy. Is he to be a chance at love? The means of Parvaiz's salvation? Suddenly, two families' fates are inextricably, devastatingly entwined, in this searing novel that asks: What sacrifices will we make in the name of love?

Bandits and Partisans Erik C. Landis 2008-04-27 Beginning in the fall of 1920, Aleksandr Antonov led an insurgency that became the largest armed peasant revolt against the Soviets during the civil war. Yet by the summer of 1921, the revolt had been crushed, and popular support for the movement had all but disappeared. Until now, details of this conflict have remained hidden. Erik Landis mines recently opened provincial and central Soviet archives and international collections to provide a depth of detail and historical analysis never before possible in this definitive account of the uprising. Landis examines both sides of the conflict, probing the testimonies of the insurgents, their opponents, and those caught in between. We witness firsthand the frustrations, failures, and internal conflicts of the Bolsheviks and the spirit of rebellion that drove the insurgents and helped drive a localized dispute into a well-organized mass rebellion that struck fear in the hearts of Communist leaders. This political and military threat was influential in bringing about Lenin's conciliatory New Economic Policy, which allowed farmers and villages to sustain themselves in a quasi-market economy. *Bandits and Partisans* presents a gripping tale of brutality, domination, and revolt, placing readers at the frontlines of the complex and rich history of the Russian civil war and the consolidation of the new Soviet state.
